

ACCESSORIES (QWIKCHANGE™)

MACHINABLE FACEPLATES

Machinable Faceplates provide QwikChange™ dedicated fixturing for those awkward parts that are too difficult to clamp. A mini pallet changer can be created by utilizing two Faceplates.

Machinable accessories are the optimal solution for repeat set-ups. The standard height and width is suitable for most applications. CHICK has designed wide, high and oversized accessories to provide a cost effective solution for those unique applications.

Standard Faceplates

High Faceplates

Wide Faceplates

Oversized Faceplates

For machinable area detail, visit our website www.ChickWorkholding.com.

System Sizes

0520 and 0525

Order No.	080-2621	080-2625
Dimensions	mm (inch)	mm (inch)
