

GENERAL CATALOGUE

 **IEMCA**

BUCCI
INDUSTRIES

IEMCA has designed and produced **automatic barfeeders since 1961** and today is the worldwide reference for every type of application for lathes, machining centers, grindings, gear cutters and other types of machine tools.

The range of products dedicated to the turning industry is the widest available in the market and includes automatic barfeeders for **single-spindle** lathes with **fixed** and **sliding** headstocks, for bars up to **6 meters**, diameters between **0.8 mm** and **100 mm** and beyond, as well as solutions for multi-spindle lathes with up to **8 spindles**, also offering integrated barfeeders and **automatic retrofitting barfeeders for stock reel**. IEMCA offers a range of highly qualified services throughout the world, thanks to its **global presence**.

In addition to its headquarters based in **Faenza, Italy**, IEMCA has production sites in the **USA**, **China**, and **Taiwan**, as well as commercial offices in **France**, **Germany**, **Brazil**, and **Japan**, and commercial partners who operate in 30 different countries, from North Europe to South Africa, from South Korea to India, from Turkey to Australia.

The strength of IEMCA lies in its organization of **550 people** who are every day committed to their field, listening to and serving clients, and studying innovating solutions that integrate advanced technology and ease of use. More than **50 years** of commercial success worldwide testifies to the level of technological excellence achieved through effective and enthusiastic work from our team, which still continues today!

VISION

To increase productivity by
excellent products and solutions
for the future's automated factory

MISSION

To envision the future of
automation for machine tools
delivering the most productive
solutions to the users thanks to
a constant cooperation with all
industry players

VALUES

Our shared values are the reference point for all the activities and actions of each person and collaborator of our company throughout the world.

1. To care for your clients and serve them with great passion
2. To think in innovative ways in order to be unsurpassable
3. To encourage the involvement of everyone in their work
4. To bring and share positive energy and solutions
5. To have goals and to always pursue new ones
6. To be curious and to never stop learning
7. To strive to win and to be distinguished from competitors
8. To see change as an opportunity

THE MOST EXTENSIVE RANGE OF BARFEEDERS IN THE WORLD

Model	Barfeeder description	Bar diameter Min-Max (mm)	Bar length Min-Max (mm)	Magazines available
 Elite 112 Soft Touch	Barfeeder for single-spindle lathe with sliding headstock	0.8 - 12.7	400 - 3,700	Step by step
 Elite 220 Evo	Barfeeder for single-spindle lathe with sliding headstock	1.6 - 20	400 - 3,700	Step by step Single Rack
 Smart 320 Evo	Barfeeder for single-spindle lathe with sliding headstock	3 - 20	1,500 - 4,060	Single Rack
 Boss 338 HD Superfast	Barfeeder for single-spindle lathe with sliding or fixed headstock	3 - 38	700 - 6,380	Single Rack
 Boss 552 HD	Barfeeder for single-spindle lathe with sliding or fixed headstock	5 - 51	700 - 6,380	Single Rack
 Master Verso	Barfeeder for single-spindle lathe with fixed headstock	8 - 65	800 - 6,200	Single Rack
 Master HD Master 100	Barfeeder for single-spindle lathe with fixed headstock	15 - 80 30 - 100	800 - 6,200 1,000 - 6,200	Single Rack UP Bundle
 Kid 80	Barfeeder for single-spindle lathe with fixed headstock	5 - 80	90 - 1,600	Single Rack
 Sir 25 Sir 36 Sir 52	Integrated barfeeder for multi-spindle lathe	4 - 25 5 - 36 15 - 52	2,500 - 4,300	Multi rack Bundle
 Next 25	Integrated barfeeder for multi-spindle lathe	4 - 25	2,850 - 4,200	Single Rack Multi rack
 Pra 52	Automatic retrofitting barfeeder for stock reel of multi-spindle lathe	4 - 52	2,000 - 4,200	Multi rack Bundle
